As you come in through the entry, to the left is a mammoth sunken lounge with near floor to ceiling windows, fantastic natural light and dark royal carpet just oozing with a very regal feel. You step up to your formal dining big enough for a 12 (!) seater and then some with this whole formal living area being more than a whopping 50m2 in size!!! As you then proceed to wrap around behind the entry foyer, you are greeted by a beautiful timber kitchen with a recent stainless steel oven, stainless steel dishwasher and glass cooktop. The outlook from the kitchen is to a lovely chip bark play area with sand pit, patio and paved area for kids to ride bikes etc. all beautifully shaded by a character filled poinciana tree. If you continue through the kitchen, around the open plan bench, there is yet another living area nearly just as big as the first. Entertaining is just a breeze in this home with so many areas to place your guests and spread out.

As you begin down the hall way, you might just need the binoculars to see to the end because you won't be disappointed by the space, light and airiness that is on offer at this delightful family fun-house. The bedroom wing is thoughtfully separated from the living so your children will be able to sleep while you are entertaining. There's a separate toilet, separate laundry, full bathroom with a shower and separate bath. The master suite is at the very end of the hall offering your ensuite on your left, keep walking and you'll come across your walk-in-robe, but if that's not enough there is a built-in-robe on your right, and there's plenty of room for a king bed, couch and TV down here if you want. Hey why not get a coffee machine and toaster and just set up down here, you'll be set!

Most things have been done over the last 15 years like bathrooms,

new colorbond roof, carpets, flooring etc etc. More recently a new solar hot water service was installed and inside was painted plus new fans and light fittings have been fitted in most rooms so the house is tidy and extremely livable. The laundry is original as is the timeless timber kitchen, so even though the appliances are new'ish, there's still opportunity to put some capital improvement into this home over your ownership and really bring it to it's full potential. But the beauty is, there's plenty of happy and healthy years left in her yet so if you just want to get into a big house, in the Kuluin State School zone (600metres away) or the Maroochydore State High School Zone (only just a bike ride away), then this home is worthy of your inspection but don't delay, it's empty, the owners are keen to make something happen so arrange your inspection today!
